

A man with a beard and a blue shirt is sitting at a wooden dining table, looking at a laptop. A young child with curly hair is sitting on his shoulders, clapping their hands. On the table, there is a bowl of fruit (apples and bananas), a pink baby bottle, and a small potted plant. The background shows a bright window with a view of a house outside.

STAY HOME WITH [VENDOR] TELEMEDICINE

Need to see a doctor while social distancing? Start with a virtual visit!

Your First Line of Defense

Your best defense against the coronavirus is staying home, but that shouldn't stop you from talking to a doctor. If you start feeling sick, try [VENDOR] first. [VENDOR] gives you access to board-certified physicians for non-emergency care anytime 24/7 by phone or video chat, without leaving home. You'll get real medical advice, including recommendations for additional care or testing, while minimizing your potential exposure. Plus, it costs a lot less than an ER visit!

Get Prepped and Ready:

- › **Visit** [WEBSITE] or call [PHONE NUMBER] to set up your account now, so you can speak with a doctor right away if you get sick.
- › **Scan** the QR Code to the right to download the [VENDOR] mobile app.
